

2018 Cost-Share Program Enrollment – Due December 15

The following cost-share programs are available to SRPF members in 2018:

1. **Cover Crops** – 75% of total costs, max. payment of \$40/acre, \$1500/farm
2. **Reduced Tillage** – \$20 per acre up to 50 acres, increases in second and third year
3. **Soil Testing** – Up to \$18 per acre, max. payment of \$1000 per farm (due July 1 for spring testing or Nov. 1 for fall testing)
4. **Manure Testing** – Up to \$200 per farm
5. **Tissue Testing** – Up to \$200 per farm
6. **Climate Nitrogen Advisor** – Up to \$150 per farm

Please indicate which program(s) you would like to enroll in and the number of acres/samples you anticipate enrolling. SRPF's cost share programs are intended to be a learning opportunity for members, therefore we ask that you complete the appropriate information sheet for the program you are enrolling in. This will help us keep track of what members are testing so that we can learn from one another. **All data collected will remain confidential.** Final cost-share payments are dependent on available funds and will be distributed at the annual meeting in early 2019. If you are not yet a SRPF member, please fill out the membership form (located on the website) and pay the membership fee of \$50. Payment details are outlined on the membership form.

To enroll in a 2018 cost-share program, complete the form below, detach and return by the indicated date.

Name: _____ Date: _____

Farm Name: _____

Address: _____ City: _____ State: _____ Zip: _____

E-mail address: _____

Phone: _____ Cell: _____

Are you comfortable sharing soil test data, Snap Plus files or other on farm metrics to help document continuous improvement? _____

Cost share program(s) enrollment:

Cover Crops _____ Acres _____

Approximate field location/cross roads _____

Reduced Tillage (No till, vertical till and strip till) _____ Acres _____

Approximate field location/cross roads _____

Soil Testing _____ Acres tested _____

Tissue Testing _____ Number of samples _____

Manure Testing _____ Number of samples _____
