

## SRPF Farm Practice Survey

SRPF requests current and future members take this brief survey to understand what conservation practices are being done on the land. This survey will also help SRPF get a better sense of what metrics can be put in place to best capture desired conservation outcomes.

Please place a check mark in the column most applicable to you and your farm. If you are using a tool or practice, please let us know approximately how many acres that practice is used on. If you are not using a certain practice or tool, please briefly explain why. If you have any questions while completing this survey, please email us at [srpfarmers17@gmail.com](mailto:srpfarmers17@gmail.com). Thank you!

**Name:** \_\_\_\_\_ **Farm Name:** \_\_\_\_\_  
**Address:** \_\_\_\_\_ **City:** \_\_\_\_\_ **St:** \_\_\_\_\_ **Zip:** \_\_\_\_\_  
**E-mail address:** \_\_\_\_\_  
**Phone:** \_\_\_\_\_ **Cell:** \_\_\_\_\_

Are you comfortable sharing soil test data, SNAP Plus files or other on farm metrics to help SRPF document continuous improvement? **Yes** \_\_\_\_\_ **No** \_\_\_\_\_

<b>Tool or Practice</b>	<b>Yes</b>	<b>If yes, how many acres</b>	<b>No, but interested</b>	<b>No, not interested</b>	<b>If you answered no, please indicate why</b>
Basic soil sampling					
Grid soil sampling (5 acre)					
Grid soil sampling (2.5acre)					
Plant tissue sampling					
Manure sampling					
Variable rate fertilizer application					
Nitrogen stabilizer					
Nutrient management plan					
Conservation plan					
Cover crops					
Reduced tillage (Verticle till, strip till)					
No till					
Grassed waterway					
Vegetated buffer strip
