

SRPF Farm Practice Survey

SRPF requests current and future members take this brief survey to understand what conservation practices are being done on the land and set a baseline for our group to build upon. This survey will also help SRPF get a better sense of what members are interested in, so we can serve you better. Specific **member information will remain confidential** and only aggregated results will be shared out.

Please place a check mark in the column most applicable to you and your farm **and if you are using a tool or practice, please let us know how many acres that practice is used on**. If you are not using a certain practice or tool, please briefly explain why. If you have any questions while completing this survey, please email us at srpfarmers17@gmail.com. Thank you!

Name: _____ Farm Name: _____

Address: _____ City: _____ St: _____ Zip: _____

E-mail address: _____

Phone: _____ Cell: _____

SRPF Member? Yes _____ No _____

Are you comfortable sharing soil test data, SNAP Plus files or other on farm metrics to help SRPF document continuous improvement? Yes _____ No _____

What programs or initiatives would you like to see SRPF pursue in 2019?

Tool or Practice	Yes	IF YES, how many acres?	No, but interested	No, not interested	If you answered no, please indicate why
Basic soil sampling					
Grid soil sampling (5 acre)					
Grid soil sampling (2.5acre)					
Plant tissue sampling					
Manure sampling					
Variable rate fertilizer application					
Nitrogen stabilizer					
Nutrient management plan					
Conservation plan					
Cover crops					
Reduced tillage (Vertical, strip till)					
No till					
Grassed waterway					
Vegetated buffer strip
